

Textbook of
PEDIATRIC
Dermatology

SECOND EDITION

Arun C Inamadar
Aparna Palit
S Ragnunatha

CONTENS

1. STRUCTURE AND FUNCTIONS OF THE SKIN	1
▶ <i>S Chidambara Murthy</i>	
Embryogenesis of the skin	1
Embryonic skin	1
Unique features of developing skin	4
Structure of the newborn skin	6
Functions of the newborn skin	9
Skin of the premature infant	9
Skin care	10
2. NEONATAL DERMATOLOGY	14
▶ <i>Niti Khunger, Alka Goel</i>	
Transient neonatal dermatosis	14
Developmental abnormalities	21
Cutaneous signs of spinal dysraphism	23
Cutaneous manifestations of congenital infections	24
3. GENODERMATOSIS	28
▶ <i>Aparna Palit, Arun C Inamadar</i>	
Principles of genetics	28
Major patterns of genetic transmission	29
Genetic counseling	30
Prenatal diagnosis of hereditary skin disorders	30
Classification of genodermatoses	30
Ectodermal dysplasia	31
Hereditary disorders of pigmentation	36
Hereditary disorders of immune system	39
Hereditary disorders with photosensitivity	45
Hereditary disorders of metabolism	60
Multiple tumor syndromes	63
Hereditary disorders of connective tissue	70
Premature aging syndromes	78
Chromosomal disorders	80
Skin gene therapy	82
4. INHERITED ICHTHYOSIS AND OTHER HEREDITARY DISORDERS OF KERATINIZATION	89
▶ <i>Arun C Inamadar, Ragunatha S</i>	
Inherited ichthyosis	89
Ichthyosiform syndromes	100

Erythrokeratoderma 104
 Palmoplantar keratoderma 106

5. ATOPIC DERMATITIS 112

▶ *Sandipan Dhar*

Etiopathogenesis 112
 Prevalence and incidence of atopic dermatitis 113
 Clinical features 113
 The key steps to diagnose atopic dermatitis 114
 Complications 117
 Natural history and prognosis 117
 Management of atopic dermatitis 118
 Current investigational therapies of unproven efficacy 122

6. ECZEMAS OTHER THAN ATOPIC DERMATITIS 127

▶ *Sanjeev Handa*

Classification 127
 Exogenous eczemas 127
 Endogenous eczemas 132

7. BACTERIAL INFECTIONS 143

▶ *Arun C Inamadar*

Classification 143
 Superficial pyogenic infections 144
 Deep pyogenic infections 147
 Nonpyogenic bacterial infections 151
 Bacterial toxin-mediated illnesses 151
 Secondary pyoderma 154
 Special situations 154

8. CUTANEOUS MYCOBACTERIAL INFECTIONS 157

▶ *V Ramesh, M Ramam, Ragunatha S, P Narasimha Rao*

Cutaneous Tuberculosis 157

Overview 157
 Classification and clinical features 158
 Dermatological complications due to BCG vaccination 163
 Investigations 164
 Diagnostic approach 165
 Treatment 165

Nontuberculous Mycobacterial Infections 168

History 168
 General characteristics and classification 168
 Epidemiology 168
 Pathogenesis 169
 Clinical features 169
 Histopathology 169
 Diagnosis 169

Differential diagnosis	170	
Treatment	171	
Complications, course and prognosis	172	
Leprosy in Children		173
Susceptibility to the disease	173	
Reservoir of infection	173	
Pathogenesis of leprosy	173	
Classification of leprosy	175	
Leprosy in children	176	
Diagnosis of leprosy	177	
Treatment of leprosy	178	
Reactions in leprosy	178	
Leprosy-related deformities in children	179	
9. VIRAL INFECTIONS AND EXANTHEM		181
▶ <i>KA Seetharam, Vijay Zawar</i>		
Viral Infections		
Herpesviruses	181	
Poxviruses	190	
Human papillomaviruses	193	
Epidermodysplasia verruciformis	197	
Heck's disease	198	
Viral hemorrhagic fevers	198	
Viral Exanthem		205
Traditional exanthems	205	
Newly rediscovered viral exanthems	213	
10. FUNGAL INFECTIONS		224
▶ <i>Ragunatha S, Anitha B</i>		
Superficial fungal infections	224	
Deep fungal infections	237	
Systemic mycosis	242	
Opportunistic fungal infections	243	
11. SEXUALLY TRANSMITTED INFECTIONS INCLUDING HIV INFECTION		246
▶ <i>Hemanta Kumar Kar</i>		
Prevalence	246	
Bacterial sexually transmitted infections	247	
Sexually transmitted infections by parasites	255	
Viral sexually transmitted infections	255	
Human immunodeficiency virus infection	257	
12. DISEASES DUE TO PROTOZOA AND HELMINTHS		264
▶ <i>V Ramesh</i>		
Protozoan infections	264	
Helminthic infestations	269	

- 13. BITES, STINGS AND INFESTATIONS** **277**
 ▶ *Jaydev Betkerur, Veeranna S*
 Bites 277
 Other noxious and venomous stings 283
 Injuries by aquatic creatures 283
 Other animal and human bites 284
 Infestations 284
- 14. DISEASES OF THE MUCOUS MEMBRANES** **291**
 ▶ *Anandan S, Rashmi Mittal*
 Mouth ulcers 291
 White patches 295
 Red and pigmented lesions 297
 Swellings/lumps 298
 Lesions of the tongue 298
- 15. DISORDERS OF HAIR** **301**
 ▶ *Anitha B, Ragunatha S*
 Normal hair 301
 Congenital or early onset alopecia 303
 Nonscarring alopecia 306
 Scarring alopecia 320
 Hypertrichosis 323
 Hirsutism 328
 Eruptive vellus hair cysts 329
 Abnormalities of hair color 330
 Altered pigmentation of hair due to exogenous agents 332
- 16. DISORDERS OF NAIL** **334**
 ▶ *Rashmi Sarkar, Sudhanshu Sharma, Vijay Kumar Garg*
 Anatomy 334
 Pathological changes of the nail apparatus 335
 Traumatic nail disorders 337
 Paronychia 338
 Leukonychia 338
 Nail changes in primary cutaneous disorders 338
 Nail changes in genodermatoses 340
 Nail changes in systemic disorders 341
 Nail changes associated with chemotherapy in children 343
- 17. DISORDERS OF CUTANEOUS APPENDAGES** **344**
 ▶ *Devinder Mohan Thappa, Divya Gupta*
 Disorders of sebaceous glands 344
 Disorders of eccrine sweat glands 353
 Disorders of apocrine glands 358
- 18. CHILDHOOD PSORIASIS** **362**
 ▶ *Sunil Dogra, Dipankar De*
 Etiology and pathogenesis 362
 Histopathology 363

Clinical features	363
Differential diagnosis	368
Comorbidities	369
Quality of life	369
Long-term behavior of childhood psoriasis into adulthood	369
Treatment	369
19. ERYTHRODERMA IN CHILDREN	373
▶ <i>Dipankar De, Sunil Dogra</i>	
Epidemiology	373
Causes and clinical features of erythroderma	374
Approach to a child with erythroderma	377
Management of childhood erythroderma	378
20. LICHEN PLANUS, LICHENOID DISORDERS AND OTHER PAPULOSQUAMOUS DISORDERS	381
▶ <i>Ragunatha S</i>	
Lichen planus	381
Lichenoid disorders	385
Other skin diseases with lichenoid eruptions	388
Other papulosquamous disorders	388
21. VESICULOBULLOUS DISORDERS	397
▶ <i>Archana Singal</i>	
Immunobullous disorders	397
Mechanobullous disorders	407
22. CHILDHOOD VITILIGO	418
▶ <i>Najeeba Riyaz</i>	
Epidemiology	418
Etiopathogenesis	418
Classification of vitiligo	419
Clinical features	420
Associations of vitiligo	420
Course of vitiligo	423
Differential diagnosis	423
Diagnosis	424
Management	424
23. DISORDERS OF PIGMENTATION	428
▶ <i>Manjunath Shenoy</i>	
Classification	429
Disorders of hyperpigmentation	430
Disorders of hypopigmentation	438
24. PHOTOSENSITIVITY AND PHOTODERMATOSES IN CHILDREN	446
▶ <i>Rajesh Kumar</i>	
Ultraviolet spectrum and skin	446
Acquired photosensitivity dermatoses	447
Management	449

- 25. URTICARIA, ANGIOEDEMA AND ANNULAR ERYTHEMAS** **451**
 ▶ *Ragunatha S, Arun C Inamadar*
 Epidemiology 451
 Classification 451
 Etiopathogenesis 451
 Clinical features 452
 Differential diagnosis 456
 Laboratory investigations 456
 Treatment 456
 Annular erythemas 457
- 26. NEVI AND NEVOID DISORDERS** **460**
 ▶ *Nilendu Sarma, Sayantani Chakraborty*
 Insight into mosaicism 460
 Classification of nevi 462
 Nevomelanocytic nevi 462
 Epidermal nevi 469
 Vascular nevi 475
 Nevus syndromes 488
- 27. NEOPLASTIC DISORDERS OF SKIN** **495**
 ▶ *Keshavmurthy Adya, Aparna Palit*
 Classification 495
 Nevi and hamartomas 495
 Benign and malignant neoplasia 501
 Syndromes associated with cutaneous tumors and tumor-like conditions 504
 Cutaneous metastases from internal malignancies 505
- 28. DISORDERS OF DERMIS AND SUBCUTANEOUS FAT** **513**
 ▶ *Vishalakshi Viswanath, Seema Ramakrishnan Nair*
 Panniculitis 513
 Granuloma annulare 520
 Lipodystrophy 523
 Fibromatosis 526
- 29. HISTIOCYTOSIS AND CUTANEOUS MASTOCYTOSIS** **533**
 ▶ *Aparna Palit, Arun C Inamadar*
 Histiocytosis 533
 Cutaneous mastocytosis 538
- 30. SKIN IN SYSTEMIC DISEASES** **545**
 ▶ *Sanjeev Grover, Aparna Palit*
 Disorders of gastrointestinal system 545
 Hepatic and pancreatic disorders 547
 Disorders of cardiovascular system 549
 Disorders of respiratory system 550
 Renal disorders 551
 Hematological disorders 553

Endocrine disorders	554	
Psychocutaneous disorders	558	
Cutaneous manifestations of internal malignancies	562	
Purpura fulminans	563	
Sarcoidosis	565	
Graft-versus-host disease	568	
31. COLLAGEN VASCULAR DISORDERS		573
▶ <i>Aparna Palit</i>		
Discoid lupus erythematosus	573	
Systemic lupus erythematosus	575	
Neonatal lupus erythematosus	582	
Juvenile dermatomyositis	584	
Childhood scleroderma	589	
Lichen sclerosus et atrophicus	597	
Mixed connective tissue disease	598	
Cutaneous manifestations of other collagen vascular disorders	598	
32. CUTANEOUS VASCULITIDES AND NEUTROPHILIC DERMATOSES IN CHILDREN		600
▶ <i>Bhushan Madke, Uday Khopkar</i>		
Childhood Vasculitides		600
Classification	600	
Small vessel vasculitis	600	
Medium vessel vasculitis	606	
Behçet's disease	609	
Neutrophilic Dermatoses in Children		610
Classification	610	
Sweet syndrome	611	
Pyoderma gangrenosum	612	
Erythema elevatum diutinum	613	
Neutrophilic eccrine hidradenitis	613	
Periodic fever syndromes	613	
33. NUTRITIONAL DEFICIENCY DISORDERS		615
▶ <i>Ragunatha S, Aparna Palit</i>		
Micronutrient deficiency disorders	615	
Macronutrient deficiency disorders	623	
Heritable disorders of nutritional deficiency	624	
Nutritional deficiency in patients with eating disorders	629	
Nutritional deficiency in children with other medical/surgical/cutaneous disorders	629	
34. PRURITUS IN CHILDREN		631
▶ <i>Vishalakshi S Pandit, Aparna Palit</i>		
Itch pathway	631	
Cutaneous disorders causing pruritus	632	
Systemic disorders causing pruritus	638	

35. DERMATOLOGICAL DRUG THERAPY IN CHILDREN	642
▶ <i>Lalit Gupta</i>	
Basic principles of drug therapy in children	642
General principles of topical therapy	643
Topical drug therapy in children	644
Systemic drug therapy in children	650
Adverse cutaneous drug reactions: issues in children	656
Some important adverse cutaneous drug reaction patterns in children	657
36. PEDIATRIC DERMATOLOGICAL EMERGENCIES	666
▶ <i>Arun C Inamadar, Ragunatha S</i>	
Epidemiology	666
Classification	666
Diseases causing acute skin failure	666
Diseases with/due to underlying systemic illness	671
Localized diseases	674
37. DERMOSCOPY IN CHILDREN	676
▶ <i>Laxmisha Chandrashekar, Nidhi Singh</i>	
Dermoscope	676
Principle of Dermoscopy	677
Application of Dermoscopy in Pediatric Dermatology	677
38. DERMATOSURGERY	686
▶ <i>JC Prakash Gowda, Swapnil Shah</i>	
Dermatosurgical Procedures in Pediatric Age Group	686
Indications of dermatosurgical procedures in pediatric patients	686
Preoperative preparation	687
Anesthesia	687
Various dermatosurgical procedures	688
Technique of suturing	690
Electrosurgery	690
Cryosurgery	691
Cyst excision	691
Wound dressing and postoperative care	692
Vitiligo Surgery in Children	692
Anesthesia	692
Surgical procedure	693
<i>Index</i>	695
