LIBRARY

Library at BLDE (Deemed to be University) is the window to the world of latest information in medical and Allied Health sciences. Being an integral part of academic and research work on the campus, Library provides information services to support the teaching, learning, research and outreach activities of the Institute by creating state-of-the-art facilities and offering innovative services. Keeping users at the centre of its activities, Library has been actively engaged in designing and delivering need-based information services.

The library has a fast-growing collection of books, journals, magazines both in print and digital format covering most disciplines taught and researched at the Institute. Within a short span of its existence, library has developed collection in every possible area of interest to the campus community and those directly and indirectly associated with the Institute. To support the research activities, library subscribes core collection e-journals, databases, e-books and others. Library has created an excellent infrastructural facility with all required software tools and technologies. Library services have been fully automated and are accessible on and off campus. Currently, library operates from two locations i.e., Main Library in the academic area and E-Library in the hospital area

National Librarians Day 12-August-2023

The Central Library, BLDE (Deemed to be University) celebrated the National Librarian's Day and commemorate the 131st Birth anniversary of Padmashree Dr SR Ranganathan (Father of Library Science) on 11 & 12 August 2023.

The inaugural program began with a melodious invocation song by students of the university. Dr. Prasanna Kumar, B.M. University Librarian, welcomed the gathering and gave a brief overview of the workshop and book exhibition. He highlighted the importance of librarians in the dissemination of knowledge and their role in supporting research and innovation.

The Chief Guest, Prof. Y.M. Jayaraj, delivered the keynote address. He stressed the importance of libraries in the digital age and called upon librarians to embrace new technologies and innovative ways of delivering library services.

National Workshop on Bibliometric Analysis

Session I: Conceptualization of Bibliometric Analysis and Related Theories

Resource Person: Dr. Gururaj S. Hadagali

The National Librarians Day and Workshop on Bibliometric Analysis commenced on 11th August 2023 with an insightful session led by Dr. Gururaj S. Hadagali. He elucidated the various dimensions of bibliometric analysis, including Bibliometric, Scientometric, Librametric, and Webmetrics, along with an exploration of associated laws and theories. The attendees were provided with a comprehensive understanding of the theoretical foundations that underpin bibliometric studies.

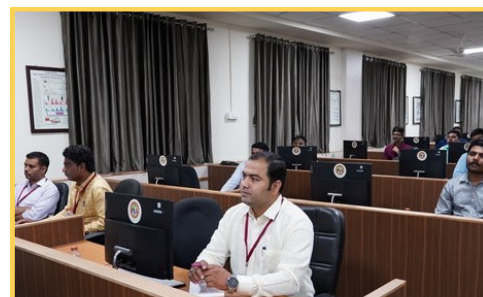

The afternoon of Day 1 continued with a hands-on workshop on the Sci 2 software conducted by Prof. K Sateesh Kumar. Participants were guided through the software's functionalities and learned how to utilize it for bibliometric analysis. The interactive session allowed attendees to gain practical experience in employing the Sci 2 tool effectively.

Hands-on Session of Pajek Software

Prof. K Sateesh Kumar further engaged the participants with a practical session on the Pajek software. This session provided insights into network analysis and visualization techniques, empowering attendees to harness the potential of Pajek for their bibliometric research endeavours.

BMJ AUTHOR WORKSHOP: Write to Publish

The BMJ Author Workshop: Write to Publish was a resounding success, with over 250 PG students, researchers, and faculty members participating. The event was inaugurated by Prof. MB Patil, the Vice Principal of the institution, and Prof. MM Patil, the Director of the Research and Development Cell, who highlighted the significance of research and publication in medicine. Dr. Prasanna Kumar BM, the University Librarian, served as the workshop coordinator.

The resource person for the workshop was Dr. Simi Kaul, Senior Clinical Editor BMJ India. Dr. Kaul is a highly experienced editor and has published numerous papers in peer-reviewed journals. She has also taught and mentored many young researchers on how to write and publish their work.

During the workshop, Dr. Kaul covered various topics related to scientific writing and publication. She began by discussing how to choose a topic for a research paper. She emphasized the importance of selecting an interesting and feasible topic. She also advised participants to consider the target audience for their paper when choosing a topic. Next, Dr. Kaul discussed how to structure a research paper. She explained the different sections of a research paper and how to write each section effectively. She also provided tips on how to write a clear and concise introduction, methods, results, discussion, a conclusion. Dr. Kaul then discussed how to write clear and concise prose. She emphasized the importance of using simple language and avoiding jargon. She also advised participants to proofread their work carefully before submitting it. In the workshop's final session, Dr. Kaul discussed formatting references and citations and submitting a manuscript to a journal. She provided participants with a detailed overview of the different referencing styles and how to use them correctly. She also explained the journal submission process and provided tips on how to write a successful cover letter. The workshop was very well-received by the participants. They appreciated the opportunity to learn from an experienced editor and receive tips on writing and publishing their work. Many participants commented that they found the workshop informative and helpful.

Training Program on Power Your Research with Scopus-07.09.2023

On September 7th, 2023, the Central Library conducted an extensive training program focused on the Scopus Database, a prominent bibliographic database renowned for its significance in academic research. This training session was meticulously designed to empower faculty members, postgraduate students (P.G.), and researchers with the essential skills and knowledge required to adeptly navigate and harness the full potential of Scopus for their research and academic pursuits. Leading this informative session was Mr. Abhishek Gupta, a Customer Success Manager at Elsevier, who served as the resource person for Scopus Database engagement. This comprehensive program garnered significant interest and participation, with a total of 150 attendees comprising faculty members, postgraduate students, and researchers.

Dr. Prasanna Kumara, B.M. The University Librarian coordinated and facilitated this enriching program, contributing to the continued professional development of the academic community.

Saraswati Pooja Programme at Central Library - 2023

The Saraswati Pooja held at Central Library BLDE (Deemed to be University) was a significant and spiritually enriching event. It was organized with the aim of seeking the blessings of Goddess Saraswati, the deity of knowledge, wisdom, and learning, and to foster an atmosphere of academic and intellectual growth within our institution.

On the 21st of October 2023, at 11:30 AM, a significant event took place at our institution, bringing together key participants and esteemed guests. The event was graced by the presence of our Pro-Chancellor, Dr. Y M Jayaraj, who holds a pivotal role in our institution's leadership. Vice-Chancellor Dr. R. S. Mudhol, a distinguished academician and leader, added to the significance of the gathering. The Pro-Vice-Chancellor, Prof. Arun Inamdar, known for his dedication to education, and Registrar, Prof. R V Kulkarni, responsible for administrative excellence, were also in attendance. Additionally, the event saw the participation of other important individuals who contribute to the institution's growth and development.

The event's highlights included a traditional Saraswati Puja to invoke the blessings of the Goddess of knowledge, wisdom, and learning. The inaugural ceremony commenced with the lighting of the ceremonial lamp and prayers to Goddess Saraswati. The distinguished guests delivered inspiring speeches and blessings, underscoring the importance of knowledge and education in our institution's mission. To add a cultural dimension to the event, the student Ms. Akanksha (Department of Allied Health Science Biotechnology) performed classical music, celebrating the spirit of knowledge and art. Prasad, symbolizing divine blessings, was distributed to all attendees, fostering a sense of unity and purpose among the participants. This event served as a platform to uphold the tradition of seeking knowledge and wisdom while fostering a community dedicated to education and learning.
